- Conclusion

Introduction

- A portfolio should really tell us who you are. Portfolios are a visual or sometimes digital representation of someone's work. it's the place where you show people what you're about and what you're interested in.
- A portfolio is a living and changing collection of records that reflect your accomplishments, skills, experiences, and attributes. It can be a range of different types of work it can be a range of different techniques but really we want to see who you are as an artist designer maker.

Why is it important to have a portfolio website?

- Portfolios are a great way to demonstrate the competencies you would list on a resume or talk about in an interview
- During a job search, the portfolio showcases your work to potential employers.
- It presents evidence of your relevant skills and abilities.

Feature's of my Website

1. Home
2. Best Works
3. Clicks
4. About
5. Contact Us

Describes my features Menu

1. Home : This is my homepage where Ive added different menu bar and I've added my name as my portfolio. Finally, I've added my passion as well .
2. Best Work : In this page, Here I added my 4 best works. In first one, I've added a website, which is made by me. In second one, I've joined in a company as an affiliate member as well as, In 3rd section I've arranged a picnic.Finally, in section 4th I've started a mango related business
3. Clicks : In this page , Here I, added some pictures from my travelled places taken by me. For instance- Saint Martin, teknaf, tetulia, bagerhat e.t.c

Describes my features Menu

4. About - In this page ,Here I added my bio data. Like my - parents name, brithday, brith place, blood group e.t.c
5. Contact Us -In this part ,I also added my phone number, email address my home address too.

Features Bar Input Code (Best works CSS code)

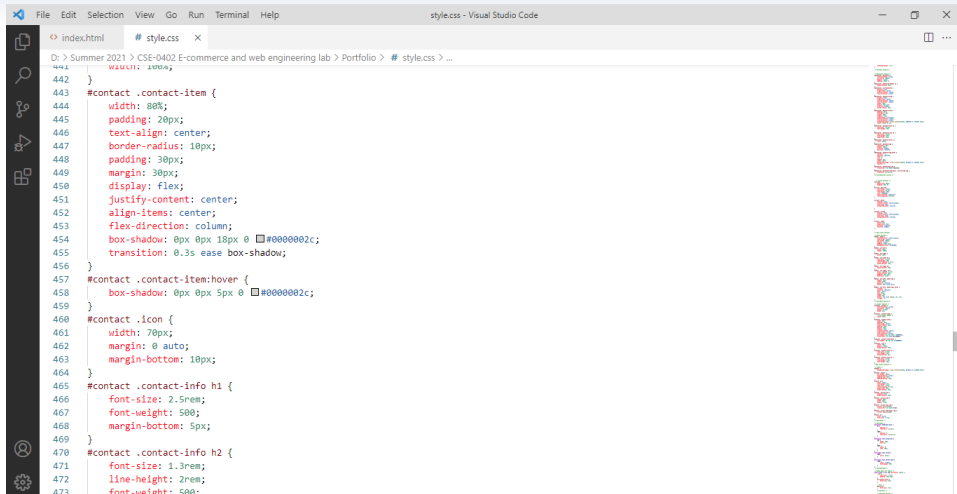

The image shows a screenshot of the Visual Studio Code editor interface. The top menu bar includes File, Edit, Selection, View, Go, Run, Terminal, and Help. The title bar indicates the file is 'style.css - Visual Studio Code'. The editor has two tabs open: 'index.html' and 'style.css'. The 'style.css' tab is active, showing the following CSS code:

```
D:\> Summer 2021 > CSE-0402 E-commerce and web engineering lab > Portfolio > # style.css > ...

268 /* Bestworks section */
269 #bestworks .bestworks {
270     flex-direction: column;
271     max-width: 1000px;
272     margin: 0 auto;
273     padding: 100px 0;
274 }
275 #bestworks .bestworks-header h1 {
276     margin-bottom: 50px;
277 }
278 #bestworks .all-bestworks {
279     display: flex;
280     align-items: center;
281     justify-content: center;
282     flex-direction: column;
283 }
284 #bestworks .bestwork-item {
285     display: flex;
286     align-items: center;
287     justify-content: center;
288     flex-direction: column;
289     width: 100%;
290     margin: 20px auto;
291     overflow: hidden;
292     border-radius: 10px;
293 }
294 #bestworks .bestwork-info {
295     padding: 30px;
296     flex-basis: 50%;
297     height: 100%;
298     display: flex;
299     align-items: flex-start;
```

The code defines a 'Bestworks' section with a flex container for items. It includes styles for the container, a header, a list of items, and individual item details. The interface also shows a sidebar with icons for Explorer, Search, Source Control, Run and Debug, and Extensions.

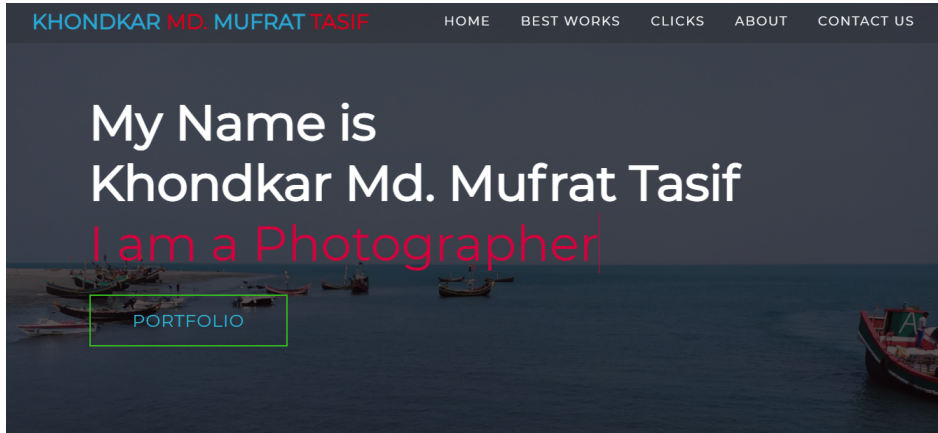

Features Bar Input Code (Contact Us CSS code)

The image shows a screenshot of the Visual Studio Code editor with a CSS file named 'style.css' open. The editor's interface includes a top menu bar with 'File', 'Edit', 'Selection', 'View', 'Go', 'Run', 'Terminal', and 'Help'. Below the menu bar is a breadcrumb trail: 'D:\ > Summer 2021 > CSE-0402 E-commerce and web engineering lab > Portfolio > # style.css > ...'. The left sidebar contains icons for Explorer, Search, Source Control, Run and Debug, and Extensions. The main editor area displays the following CSS code:

```
441 }
442 }
443 #contact .contact-item {
444     width: 80%;
445     padding: 20px;
446     text-align: center;
447     border-radius: 10px;
448     padding: 30px;
449     margin: 30px;
450     display: flex;
451     justify-content: center;
452     align-items: center;
453     flex-direction: column;
454     box-shadow: 0px 0px 18px 0 #0000002c;
455     transition: 0.3s ease box-shadow;
456 }
457 #contact .contact-item:hover {
458     box-shadow: 0px 0px 5px 0 #0000002c;
459 }
460 #contact .icon {
461     width: 70px;
462     margin: 0 auto;
463     margin-bottom: 10px;
464 }
465 #contact .contact-info h1 {
466     font-size: 2.5rem;
467     font-weight: 500;
468     margin-bottom: 5px;
469 }
470 #contact .contact-info h2 {
471     font-size: 1.3rem;
472     line-height: 2rem;
473     font-weight: 500;
```

Conclusion

- Also, after working on this website I've become very interested in learning more about HTML/CSS so that will be one of my areas of interest to do some independent makeing website on.
- Ultimately, I would really like to pursue web design as a career path and I enjoy working with this website making code,

Thank
You
